

2021/2021 U11/U10/U9 Prep Phase Clinics

(U8... Stay Tuned Coming Soon)

What's Happening?

Our Registration for the 2021/2022 prep skates is now posted. Please ensure you register using our website to secure your space. We will do our best to accommodate all registrations but may be required to implement caps to maintain facility capacity protocols.

What are Prep Skates?

As part of the U11 and below program the Hockey Canada Pathways mandate that four practice/skills sessions are required prior to any evaluations for both the competitive and recreational tiers. Players are grouped by like skill and provided an opportunity to get back in their blades in advance of their season ahead.

Sessions are focused on skills, skating, agility, balance, puck control small area games and getting back to hockey. These skates are **NOT** evaluations and players will not be graded during these sessions.

These sessions are required for our organization to offer but optional for players to attend. We recommend all players consider attending to optimize the program goals outlined by Hockey Canada. You can read more about the player pathways on the [OMHA website](#).

Session Details:

- 4 prep skates per player for \$40.00:
 - *To ensure we can plan for facility capacities sessions can't be purchased individually;*
 - *First two sessions will be power skating sessions run by Energy Hockey;*
 - *Second two sessions will be run by our amazing in-house coaches;*
 - *Players will register based on the age group and category they participated in during the 2020/2021 season:*
 - *For example a player who participated in the competitive tier for U9 in 2020 will register in the competitive tier for U10 Group C in 2021.*
